The employment of relatives or individuals involved in a dating relationship in the same area of an organization may cause serious conflicts and problems with favoritism and employee morale. For purposes of this policy, a relative is any person who is related by blood or marriage, or whose relationship with the employee is similar to that of persons who are related by blood or marriage. ## 7.8 PROGRESSIVE DISCIPLINE

The purpose of this policy is to state Viki Software OPC Private Limited position on administering equitable and consistent discipline for unsatisfactory conduct in the workplace. The best disciplinary measure is the one that does not have to be enforced comes from good leadership and fair supervision at all employment levels.

Viki Software OPC Private Limited own best interest lies in ensuring fair treatment of all employees and in making certain that disciplinary actions are prompt, uniform, and impartial. The major purpose of any disciplinary action is to correct the problem, prevent recurrence, and prepare the employee for satisfactory service in the future.

Although employment with Viki Software OPC Private Limited is based on mutual consent and both the employee and Viki Software OPC Private Limited have the right to terminate employment at will, with or without cause or advance notice, Viki Software OPC Private Limited may use progressive discipline at its discretion.

Disciplinary action may call for any of four steps – verbal warning, written warning, suspension with or without pay, or termination of employment – depending on the severity of the problem and the number of occurrences. There may be circumstances when one or more steps are bypassed.

Progressive discipline means that, with respect to most disciplinary problems, these steps will normally be followed: a first offense may call for a verbal warning; a next offense may be followed by a written warning; another offense may lead to a suspension; and, still another offense may then lead to termination of employment.

Viki Software OPC Private Limited recognizes that there are certain types of employee problems that are serious enough to justify either a suspension, or, in extreme situations, termination of employment, without going through the usual progressive discipline steps.

While it is impossible to list every type of behavior that may be deemed a serious offense, the Employee Conduct and Work Rules policy includes examples of problems that may result in immediate suspension or termination of employment. However, the problems listed are not all necessarily serious offenses, but may be examples of unsatisfactory conduct that will trigger progressive discipline.

By using progressive discipline, we hope that most employee problems can be corrected at an early stage, benefiting both the employee and Viki Software OPC Private Limited.

If a situation occurs when employees believe that a condition of employment or a decision affecting them is unjust or inequitable, they are encouraged to make use of the following steps. The employee may discontinue the procedure at any step.

1. Employee presents problem to immediate supervisor after incident occurs. If supervisor is unavailable or employee believes it would be inappropriate to contact that person, employee may present problem to HUMAN RESOURCES DEPARTMENT OR to Niraj Patil or any other member of management.
